

Our commitment to you

Community engagement is extremely important to us here at Coastline Housing. Therefore we aim to empower our customers, and want to give you every opportunity available to respond and be involved in the decision making process regarding your own neighbourhood and local services.

Any queries, or if you wish to view more detailed plans, please contact Emma Hollingshead, Neighbourhood Services Associate on:

Bringing cohesion to your community

Coastline Housing is committed to offering you a first class service making you, our customers, our top priority.

By continuously improving what we do, we aim to give you real value for money for your rent.

Not only do we work to provide you with an excellent housing service, we are also committed to looking after your neighbourhood.

To be able to do this we are currently working and consulting with our customers to aid us in designing a Cohesion Plan, which aims to:

- Create a new neighbourhood where you want to live
- Identify problems within your neighbourhood
- Tackle barriers that exist between different groups
- Avoid conflict and tension
- Promote greater knowledge, respect and contact between various cultures
- Promote a greater sense of community spirit

This means we would appreciate your support and your input during the whole process of producing our first Cohesion Plan, which we hope to update on a regular basis.

Coastline Housing will be working in partnership with:

- You, the residents
- Kerrier District Council
- Cornwall County Council
- Local Resident Association
- Local Businesses
- The Police
- Other agencies and organisations

Issues identified so far

From our housing management system and site visits, we have identified the following as issues affecting your community to date.

- External dashing looks dirty and tired
- Rubbish dumping
- Traffic calming measures
- No established community groups
- No recycling facilities on site
- A need to improve educational and environmental opportunities
- Vandalism

However, we now want to ask you what you feel the issues are affecting your community through the following consultation.

Existing work and services

Our research told us the following points about your neighbourhood.

- All properties have double glazing and either gas or electric central heating
- Adequate parking availability
- Sufficient street lighting
- There is good transport provision
- Good provisions of shops and services
- Nearby Bus service into town and general transport provisions

Neighbourhood management in action

Here's what we plan to do to make your neighbourhood a better place to live

- Consultation with customers to ensure meaningful customer involvement, so that we can listen to any concerns and feed them into the Cohesion Plans
- Work with local schools to get children involved with a view to updating play equipment in local playgrounds
- Planned introduction of recycling station
- Consultation with customers on how to address identified issues of rubbish, dumping, security and misuse of car parking areas and traffic problems

At Coastline, we value what our customers think and greatly encourage your involvement. If you have any comments or suggestions about neighbourhood cohesion action plans, please don't hesitate to contact us on 08082 027728 or at the address below:
